ScalES-PPM - Feature #263

Support flushing of all open Fortran file descriptors

03/24/2011 06:07 PM - Thomas Jahns

New	Start date:	03/24/2011
Low	Due date:	
	% Done:	0%
	Estimated time:	0:00 hour
Description		
To ensure legible debug print-outs, it is desirable to have a routine to call flush on all open output handles.
