

YAXT - Bug #302

Naming

04/23/2012 02:36 PM - Thomas Jahns

Status:	Closed	Start date:	04/23/2012
Priority:	Normal	Due date:	
Assignee:	Thomas Jahns	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
The names of xt_idxlist and xt_idxvec are the inverse of conventional nomenclature:			
<ul style="list-style-type: none">• a vector is an ordered list of elements, but also with random access• a list is an ordered collection of elements, potentially with duplications			
so I'll rename both.			

History

#1 - 10/26/2012 06:10 PM - Thomas Jahns
